

Attention Residents of Laguna Springs Two Your Community is Installing a New Telephone Entry System

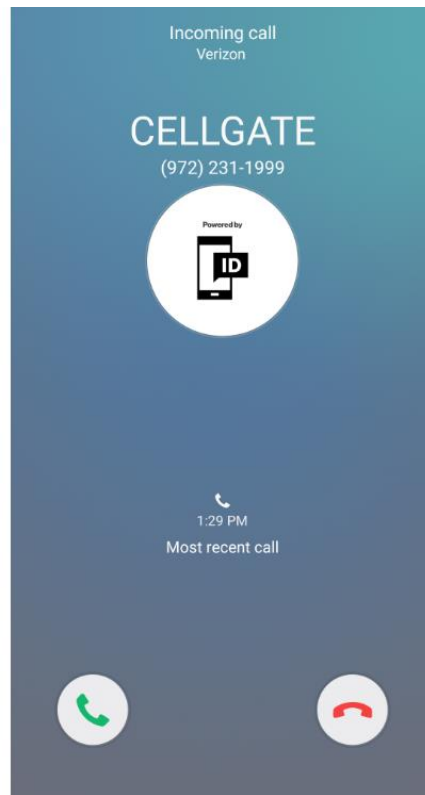

How to Use:

- **Visitors touch “Press to Call” then scroll through the list of names and press the last name of the resident they want to visit.**
- **When answering a voice call you will hear “ Press 1 to accept the call” after accepting the call and speaking to the guest press “9” to open the gate or simply hang up if you do not want to allow.**
- **There are no more directory codes to dial the resident since the touch screen now quickly scrolls through all names on one page.**
- **The phone number from the gate will be displayed on caller ID as **Cell Gate 972-231-1999** do not block the number otherwise you will not receive the call.**
- **Thank you for your patience**

Attention Residents of Laguna Springs Two

Your Community is Installing a New Telephone Entry System

New Gate Card Reader Location:

Please note that the card reader is now located inside the phone. To open the gate, place the gate card on the  symbol on the phone to open the gate. The current gate card reader has been removed.

Attention Residents of Laguna Springs Two
Your Community is Installing a New Telephone Entry System

Residents will be sent the Cell Gate App instructions after 11/15/20 directly to their email on file that will allow additional features to be used with our new gate phone.

Please notify T&G if your name does not appear on the gate phone listing or if your current clickers do not open the gate.

Please contact Tony immediately at tony@tgms.com or via phone at 954-384-4009

Please check the Laguna 2 website for any updates on the new gate phone project at <http://www.lagunasprings2.com/>
